Thank you for your feedback and feedback. If you have any ideas or comments, please give us a :) Hi I'm a 9yr girl and I love SLIME!!!! I've been waiting for this game for months, but I was kind of unhappy when I started playing. Slime have textures and sounds but not on the right slime and we'll add a ton of cooler slime. And yes, we're going to let you push it too :) RE: Price is a mistake, we're going to fix it as soon as possible. Thank you for let us know. Eh! (This I tried to discover my new slime) I'm seriously in love with this game. I have a lot of slurs and bonds, so it's much better and it's actually more satisfying! It also inspired me to spend my own money on bonds! By the way, I never waste my ☺ one thing: the sound is amazing, but not too realistic. That's ok though. And when I enter a name for muc, it only allows it to be a 7 letter word. I don't think there's even a thing to improve on. Thanks for having my life better than ☺☺☺ Hi slimer girl ☺! Super excited to hear that you love our game :) I'll be adding more slurry recipes, so go back for more!! Sincerely, Shake It Team I love the game and everything, but it will be better if you add more choice and that's one of the reasons I gave you four stars. Another thing I would like if you had plenty of room to write the names of mucous and one thing color looks pretty, but when you add it to the mucous first it beautiful, but when you mix it all just dont look right ok The last thing is that when you see slime it looks nice and smooth, but when I try it all yucky and you have to let people add as many decorations they want and you have to add more slimes slimes Add more color and there's not even a yellow color and add more decorations, but I think people should try this game it's a lot of fun next to things I said hello pinks pie puppy. More options will be added very soon :) Super is happy to hear that you like our game and thanks for the 4 star review!
