## Easy crochet bag tutorial for beginners

Even if you've never held a crochet hook, you can learn some basic crochet stitches to familiarize yourself with the craft. Within a short time, you'll be ready to finish your first crochet project. What Is Crochet?Crochet is a needle craft that involves a crochet hook and some sort of yarn or thread. You can use very thick yarn or fine thread to crochet, and the weight of your medium will determine the size hook you use.Crochet patterns begin with a foundation chain, then build onto the chain with various other stitches. You work the stitches back and forth to make new rows, or around in a circular fashion (known as rounds).Crochet projects include many different items, including afghans, pillows, scarves, hats, socks, sweaters, dollies and much more.Getting Started With CrochetThe best way to learn how to crochet is to learn a few basic stitches and then practice them with a hook and a ball of yarn. Once you learn a few stitches, you can then move on to learning how to follow a pattern so you can make a project. Patterns involve stitch abbreviations, with instructions to turn your work after each row, or to join stitches (which doesn't involve turning). You'll also see instructions to increase (which involves adding stitches) or to decrease (which involves eliminating stitches). Your pattern might also instruct you to repeat stitches.Basic Crochet StitchesYour first step for crocheting involves placing a slipknot onto the hook. Once you attach the slipknot, you're ready to make your first chain. Chaining simply involves hooking the working length of yarn (not the tail) and pulling it through to complete one chain. Perform this process for each chain you need to make.Single crochet involves inserting your hook into a chain, yarning over one time and pulling through the chain to place two loops on your crochet hook. Next, yarn over again and pull the hook through both loops to complete a single crochet stitch. Repeat the process in each chain, according to your pattern.Double crochet is the same as single crochet, except you begin by yarning over before you insert your hook into a chain. Yarn over a second time and pull your yarn through the chain so you have three loops on your hook. Yarn over again and then pull through two loops, repeating a second time to complete the stitch.Use a Printable Crochet Stitch GuideAs you're learning the craft, it may help to download and print a crochet stitch guide so you can refer to the steps as you work. Many websites have printable crochet stitch guides available in PDF format, easily downloaded and printed for your ongoing use. The step-by-step instructions with diagrams and photos make learning even easier.Beginner Projects to TryOnce you have the basics of chaining, single crocheting, double crocheting and more, you should be ready to try a beginner crochet project. One of the easiest projects to start with is a scarf. Choose a skein of worsted weight yarn in a color you like, and use a "G" or "H" crochet hook. Chain 20 or 25 chains to create the width of your scarf. Then, make single or double crochet stitches to crochet rows back and forth until your scarf is as long as you want it. MORE FROM QUESTIONSANSWERED.NET This is a step-by-step tutorial which will hopefully get you through your project! Uses for this bag might be: keep marbles, gum, coins, pretty rocks, beads or anything else small you use daily in this bag. You could make a very large version, and it would be a backpack! Personally, I find it an excellent bag to put small gifts in- it's very cute, and a reusable package! This project takes me 30-45 minutes Even if you've never held a crochet hook, you can learn some basic crochet stitches to familiarize yourself with the craft. MORE FROM QUESTIONSANSWERED.NET This is a step-by-step tutorial which will hopefully get you through your project! Uses for this bag might be: keep marbles, gum, coins, pretty rocks, beads or anything else small you use daily in this bag. You could make a very large version, and it would be a backpack! Personally, I find it an excellent bag to put small gifts in- it's very cute, and a reusable package! This project takes me 30-45 minutes Needlework projects using crochet techniques make a great hobby. The projects are ideal for gifts, home decor and warm clothing. Beginners start out with three basic crochet techniques including the slip stitch, single crochet stitch and the crochet chain. The only supplies you'll need are yarn, crochet hooks and patterns.Headbands and Ear WarmersCrochet headbands and ear warmers to keep yourself and friends warm in cold and windy weather. Headbands are quick projects with variations like twisted patterns and thick bands that cover your forehead. Free printable beading patterns show how to adorn the headbands with beading details. Ear warmers cover your ears and connect across your head. They're made with a simple chain stitch. By making your own headbands and ear warmers, you can choose colors that match jackets and coats.Leg Warmers and Boot CuffsUse tutorials and online videos to help you through the crochet learning process, especially when using multiple colors. Choose colorful weighted yarn and use a six mm crochet hook for designing the leg warmers. Single crochet stitch patterns create trendy boot cuffs in a snap. The cuffs fit over the top of boots to add color and definition.Scarves and HatsScarves and hats are beginner projects requiring a little more time. Download free printable hat patterns online to serve as a template for making the beanie hats. Try crocheting infinity scarves that loop around your neck or the traditional scarves with fringe using free printable crochet patterns that are style-specific. Add a tassel to your beanie project or leave it as a sleek headress without any frills.Household ProjectsHousehold crochet projects include wash cloths, pot holders and coffee mug warmers. Use single and double crochet stitches to sew these pieces. These make personalized housewarming gifts, go-walker presents and things you might want for yourself. The patterns are square shapes are easiest to follow for beginners. The coffee mug warmers attached around the handle with a button. They warmers keep beverages insulated and protect hands from the heat.Baby GiftsSpecial baby gifts can be crocheted with the gender and nursery colors in mind. Traditional colors of pink for girls and blue for boys can be used or soft yellows and muted tones of greens and orange. Match nursery colors to coordinate with crib bedding for a personal touch. Crochet cozy baby blankets and warm mittens using single and chain stitch methods. Once you've mastered the baby items, you can experiment with bigger projects like sweaters and afghans.
